How to locate books and articles at the FIU Library

The following steps help you to locate textbooks and/or articles (online, on reserve or part of the hard copy collection) and their availability at the FIU Library.

**Note:** Before you can locate resource availability at the FIU Library, you MUST first login to the FIU Library.

Starting from Blackboard, on the left under Student Resources, click on FIU Resources.

If you are off Campus, scroll down to click on the **Off Campus Access** link.
Login using your FIU username and password.

Note: If you don’t know your FIU username and password, contact the help desk.

If you need to find an article or citation, click on FIND it@FIU link and Enter the journal title, volume & issue and YEAR.
This will check if FIU has the journal article in electronic format.
**Note:** Electronic versions of TRJ/Therapeutic Recreation Journals are available since March 2015.

The Therapeutic Recreation Journal is also available in print from 1986-present in the FIU Libraries.
